**From Colony To Superpower**

From the American Revolution to the fifty-year struggle with communism and conflicts in Afghanistan and Iraq, *From Colony to Superpower* tells the dramatic story of America's emergence as superpower—its birth in revolution, its troubled present, and its uncertain future.

**Amazon.com: From Colony to Superpower: U.S. Foreign**

*From Colony to Superpower* is the most recent volume in the peerless Oxford History of the United States, which was described by the Atlantic Monthly as "state of the art" and "the most distinguished series in American historical scholarship." Please note: The individual volumes of the series have not been published in historical order.

**From Colony to Superpower: US Foreign Relations Since 1776**

*From Colony to Superpower* provides an overview of United States Foreign Relations from 1776 to the Post 9/11 period looking at not only the events that happened but their paradigm shifts in diplomatic philosophy as each administration came to power.

**From Colony to Superpower: U.S. Foreign Relations Since**

*From Colony to Superpower* is the only thematic volume commissioned for the series. Here, George C. Herring uses foreign relations as the lens through which to tell the story of America’s dramatic rise from thirteen disparate colonies huddled along the Atlantic coast to the world’s greatest superpower.

**From Colony to Superpower - Hardcover - George C. Herring**

*From Colony to Superpower* is the sole topical volume in The Oxford History of the United States, whose eleven other titles all address discrete chronological periods between the European discovery of the Americas and the dawn of the twenty-first century. George C. Herring has thus taken on a formidable challenge: crafting a coherent historical narrative around the theme of foreign relations through more than two hundred years of American nationhood, while neither ignoring nor repeating...
The above video tells the story of how America changed from an insular former colony to a globe-spanning superpower. Expansionism was always in America's DNA, as a country founded by the expulsion...

From Colony to Superpower by George C. Herring (ebook)
From Colony to Superpower: US Foreign Relations Since 1776 George C. Herring Oxford University Press 1040 pp. Today the United States is the essential nation, the unipower, the sole superpower, the country whose government, like God, worries if a sparrow falls to earth somewhere around the globe. The result of Washington’s determination to meddle in every issue in every nation hasn’t been pretty.
